

MADISON COUNTY PIPELINES

<https://practicalpipelines.org/madison-county/>

The Danielle Dawn Smalley Foundation (a Texas-based nonprofit organization) has partnered with your local pipeline operators to provide you with county-specific pipeline safety resources that you can access online this year.

These multi-media tools include pipeline maps, downloads, and videos that are specific to your county and designed to easily incorporate into individual and/or group trainings at your agency or in your local emergency preparedness collaborations.

To access our county pipeline safety webpage, use the direct link above or:

Visit www.practicalpipelines.org

Select Texas on the nationwide map

Enter the password “**inspired**” when prompted

Search for the county(s) you serve

On the Practical Pipelines website, you will also see additional online and in-person training opportunities in your area, ways to request a personal visit from a local pipeline operator, options to request the content on USB or DVD, and can easily reach out to us with any questions or support needs year-round.

The Smalley Foundation has been providing FREE pipeline safety in Texas for over 20 years and our goal is to provide meaningful information in formats that offer convenience and flexibility to meet the needs of busy first responders.

So be inspired... earn your annual agency training wing...
and learn more about why YOU are part of our mission!
