

STATEMENT FROM JUDGE TONY LEAGO
MADISON COUNTY JUDGE

March 16, 2020

It really grieves me to bring this to your attention at this time, when there is so much uncertainty in our community. Today after much discussion and careful consideration, I signed a declaration that read (Declaration of Local Disaster For Public Health Emergency). The Madisonville Meteor chose headline (Madison County Judge Declares State of Disaster). As you can see there is a huge difference between what was posted by the county and what was written. I am so very sorry for the unneeded and unnecessary anxiety this may have caused. Your county is on top of this issue and will continue to keep you informed as things progress. The health and well-being of our community is my top priority. By this Declaration our county will benefit from any federal and state aid that comes available.

God bless you and yours and God bless Madison County.

Tony Leago
Madison County Judge
